PERSONAL PROFILE

I am a confident, highly driven individual in information technology niche, with practical hands-on web design and development, computer maintenance, servicing and troubleshooting and experience in user support and network system installations and configurations.

Resourceful and proactive, I combine effective communication skills with detailed technology knowledge to identify and troubleshooting IT issues, and deliver a satisfactory outcome for the company whilst working alone and as part of a larger team.

I am currently looking for an opportunity to further my career within the IT sector.
