Mountains of The Moon University – Kabarole, Uganda   **August 2012 – October 2015**
Bachelor's Degree in Information Technology

CERTIFICATION

Power Learn Project Academy – Nairobi, Kenya   **February 2024 – June 2024**
Software Development.

African Leadership Academy – Nairobi, Kenya   **February 2024 – April 2024**
Artificial Intelligence Career Essentials.

WORK EXPERIENCE

IT Administrator | Software Engineer   **February 2020 - To Date**
Stitch and Sew Fortportal Toyota – Kabarole, Uganda

- Developed a comprehensive online parts ordering system using Python's Django framework. The system improves customer experience and operational efficiency by offering features like user authentication, parts catalog, search and filtering, vehicle compatibility checker, shopping cart, and order management.
- Designed and developed a responsive website for the company using HTML5, CSS3, JavaScript, PHP, and MySQL. The website significantly increased customer engagement and provided a seamless user experience.
- Managed end-to-end project development, including requirement analysis, system design, coding, testing, deployment, and maintenance.
- Managed the deployment and hosting of websites on various platforms, ensuring high availability, security, and performance.
- Implemented Continuous Integration and Continuous Deployment (CI/CD) pipelines using tools like Jenkins and GitHub Actions
- Utilized Docker for containerization of applications, ensuring consistent and isolated environments for development, testing, and production..
